Job Opportunity for Tenure-Track Assistant Professor (non-PI) at Research Center for Materials Science, Nagoya University

Position summary: Research Center for Materials Science is seeking a tenure-track assistant professor "Jokyo" (non-PI [principal investigator] assistant professor) for the Laboratory of Organic Synthesis.

1. Affiliation: Research Center for Materials Science is seeking a tenure-track assistant professor.

2. Number of positions: 1 Tenure-Track "Jokyo" (non-PI [principal investigator] assistant professor)

3. Salary and benefits: Conforming to "Regulation of Pay Schedules for Employees Receiving Annual Salary at Nagoya University"

4. Expected starting date: At the earliest convenience from May 2016

5. Term: 5 years

The research quality and laboratory teaching performance will be reviewed in the 5th year. If successful, the applicant will be promoted to a tenured lecturer (non-PI position); otherwise, the applicant will be employed as a designated assistant professor with a fixed term of 1 year.

6. Qualifications: Holder of a doctorate (Ph.D.) degree (before the expected starting date). A good command of English and/or Japanese is required. Enough experience and knowledge in organic chemistry and functional organic materials are required.

7. Mission: The applicant will join the Laboratory of Functional Organic Materials Chemistry in Department of Chemistry (PI: Prof. Shigehiro Yamaguchi) and cooperate with other members on ongoing projects within the laboratory. Specific projects are: 1) Development of functional π -electron materials, 2) development of functional main group compounds, and 3) application to organic electronics and bioimaging. The applicant should also contribute to the research and education in Research Center for Materials Science.

8. Application deadline: February 7th, 2016.

9. Selection: Applicants who pass the primary screening, based upon the submitted documents, will be invited for an interview with faculty members.

10. Application: Compile a pdf file (in Japanese or English) containing the following 6 items, and send it by e-mail to the address below. The subject of the e-mail should be "Application of Tenure-Track Assistant Professor (Functional Organic Materials Chemistry)".

(1) Curriculum vitae (with a photo) (2) Publication list (3) copies of 5 representative publications (4) Summary of research (A4, 2 pages) (5) Research plan and pedagogic interest (A4, 2 pages) (6) Two contact references (name, affiliation, and e-mail address)

E-mail: saito.susumu@f.mbox.nagoya-u.ac.jp Professor Susumu Saito Chairman of Department of Chemistry, Graduate School of Science, Nagoya University

11. Contact: Professor Shigehiro Yamaguchi,

PI of Laboratory of Functional Organic Materials Chemistry,

Department of Chemistry, Graduate School of Science, Nagoya University Tel: +81-52-789-2291 E-mail: yamaguchi@chem.nagoya-u.ac.jp
